Balance of Payment (BOP) of a country can be defined as a systematic statement of all economic transactions of a country with the rest of the world during a specific period usually one year.

Balance of Payment (BOP): Definition and Components

A currency crisis is a situation in which serious doubt exists as to whether a country's central bank has sufficient foreign exchange reserves to maintain the country's fixed exchange rate. The crisis is often accompanied by a speculative attack in the foreign exchange market. A currency crisis results from chronic balance of payments deficits, and thus is also called a balance of payments crisis.
