41 Easy Jobs That Pay Well and Offer Low Stress

While beauty is in the eye of the beholder, architectural design that is made for the sake of beauty has many benefits. Studies show that workers in older office buildings with low ceilings and loud air conditioners can be significantly more stressed than those in a newer space with skylights and open cubicles. It has also been found that wall color can affect performance.

"I think the world of Web development is becoming easier and easier but it's also making it harder for guys like me to find work because so many people want to use out-of-the-box responsive layout sites that are easy to implement and launch. I personally would much rather make a site from scratch than use a template.
