

Long Tail Business

Long Tail Business

In statistics and business, a long tail of some distributions of numbers is the portion of the distribution having a large number of occurrences far from the "head" or central part of the distribution. The distribution could involve popularities, random numbers of occurrences of events with various probabilities, etc. The term is often used loosely, with no definition or arbitrary definition ...

Long tail - Wikipedia

The long tail is a business strategy that allows companies to realize significant profits by selling low volumes of hard-to-find items to many customers instead of only selling large volumes of a ...

People sometimes ask what my favorite cast on is. Out of all the many cast on methods I know and sometimes use (and would specify in my HeartStrings patterns if I used something special), the Long Tail Cast On is my work horse - i.e. the default cast on I use unless there is a reason to use something else.
