Combine Diet Coke and Mentos, and the result is explosive—Diet Coke shoots out of the bottle like a miniature, sticky Old Faithful. The reaction is so intense, you can make a rocket propelled by ...

### **Why Do Diet Coke and Mentos React? | Mental Floss**

If you've ever wondered why Diet Coke and Mentos react so strongly to one another, well, wonder no more. To start, it should be noted that it's not just Diet Coke and Mentos that "react"; other carbonated beverages will also readily respond to the addition of Mentos.

### **Why Do Mentos and Diet Coke React? - Today I Found Out**

Mentos (stylized as mentos) is a brand of prepackaged scotch mints sold in stores and vending machines. First produced in the Netherlands in 1948, it is currently sold in more than 130 countries worldwide by the Dutch corporation Perfetti Van Melle. The mints are small oblate spheroids, with a slightly hard exterior and a soft, chewy interior.. They are typically sold in rolls which contain 14 ...

### **Mentos - Wikipedia**

Ask any science teacher and they will tell you that the most popular science project has become the Diet Coke and Mentos combination. There is nothing that can beat putting two materials together and having them interact to create not only a fizzle, but the ability to have so much that you could create a rocket.
