Program - 2019 NSW Palliative Care Volunteer Conference

Psychotherapists who work with the chronic illness tend to disregard their own self-care needs when focusing on the needs of clients. The article discusses the concept of compassion fatigue, a form of caregiver burnout among psychotherapists and contrasts it with simple burnout and countertransference. It includes a multi-factor model of compassion fatigue that emphasizes the costs of ...

Le origini della mindfulness: la tradizione buddista. Le origini di ricerca della consapevolezza non possono essere ricondotte ad un contesto geografico e temporale preciso, poiché sono rintracciabili, seppure con nomi diversi, in un ampio territorio compreso tra la Cina e la Grecia, in un periodo compreso tra 2800 e 2200 anni fa.

Mindfulness: dalle origini alle applicazioni cliniche ...

Rewiring the Brain to Treat OCD. A groundbreaking therapy, relying on mindfulness meditation to treat obsessive compulsive disorder, suggests even adult brains have neuroplasticity.

Rewiring the Brain to Treat OCD | DiscoverMagazine.com

Art therapy uses art-making to enhance the emotional well-being of an individual. It is based on the belief that the creative process involved in artistic self-expression helps people to resolve conflicts, access their emotions, develop interpersonal skills, manage behavior, reduce stress, increase self-esteem, and achieve insight. 5 Examples of art therapy include incident drawing, painting ...

Inventory of Evidence-Based Practices (EBPs) for Healthy Start Programs. Evidence-based practices include actions, activities, strategies, or approaches that improve the health of women, before, during, and after pregnancy in order to improve birth outcomes and give infants up to age two years a healthy start.

Evidence based practices - Healthy Start EPIC Center

Protected health information (PHI) under the US law is any information about health status, provision of health care, or payment for health care that is created or collected by a Covered Entity (or a Business Associate of a Covered Entity), and can be linked to a specific individual. This is interpreted rather broadly and includes any part of a patient's medical record or payment history.
