When the original Character Options sourcebook for Numenera came out, I was not sure what to expect so I was very pleasantly surprised when it turned out to be a really helpful and expansive option for Numenera characters. Now there's a second Character Options 2 book and I have the opposite problem: how can this one be as useful as...

Numenera Character Options 2 includes: Two new character types. The Glint is a master of interaction—making friends, persuading strangers, and even delivering the occasional untruth. Seekers spend their time looking for discoveries. They are resourceful explorers steeped in numenera lore.

### **Numenera Character Options 2 - drivethrurpg.com**

With character options 1, the initial three classes gained so many abilities (tricks, moves, esoterics), giving them a broad selection no matter the PC's current tier. With character options 2, the new classes have a number of abilities comparable to the initial core, which I guess isn't bad, but it leaves me a little bummed.

### **Numenera Character Options 2 is out now! : numenera**

Numenera Character Options 2, currently available from Monte Cook Games, is 97 pages, full-color, and can be acquired in print or PDF (this review is based on a PDF review copy).
